Clause 2. SUBCONTRACT ISSUES AND DISPUTES (SPECIAL) (SEP 2007)

Derived from NREL 08.100-01

(Applies to all subcontracts.)

- (a) It is NREL's practice to try to resolve all contractual issues by mutual agreement at the NREL Subcontract Administrator's level, without litigation. Both parties hereby agree to explore all reasonable avenues for negotiations in order to avoid a dispute. Either party may provide written notice to the other party to conduct negotiations for a period not to exceed sixty (60) calendar days. After sixty calendar days, if possibilities for negotiations have failed, either party shall have thirty (30) calendar days to request that the potential dispute be moved to Alternative Dispute Resolution (ADR). Within fifteen (15) calendar days after receiving a request to move to ADR, if ADR procedures are not acceptable to the non-moving party, a written explanation citing specific reasons for rejecting ADR as inappropriate for resolution of the dispute shall be provided to the moving party. If the parties are unable to agree on the application of ADR procedures to resolve the potential dispute or are unable to satisfactorily resolve the dispute using ADR procedures for a period not to exceed ninety (90) calendar days (or such longer period as mutually agreed in writing), the parties shall resume the formal process authorized in this clause.
- (b) The parties agree that the appropriate forum for litigation of any dispute pertaining to this subcontract shall be a court of competent jurisdiction as follows:
 - (1) Subject to paragraph (b) (2) of this clause, any such litigation shall be brought and prosecuted exclusively in Federal District Court; with venue in the United States District Court of Colorado in Denver, Colorado.

- (c) Any substantive issue of law in such litigation shall be determined in accordance with the body of applicable Federal law relating to the interpretation and application of clauses derived from Federal Acquisition Regulations (FAR) and the Department of Energy Acquisition Regulations that implement and supplement the FAR. If there is no applicable Federal law, the law of the State of Colorado shall apply in the determination of such issues. Conflict of law provisions shall not determine applicable governing law. Nothing in this clause shall grant the Subcontractor by implication any statutory rights or remedies not expressly set forth in this subcontract.
- (d) There shall be no interruption in the prosecution of the work, and the Subcontractor shall proceed diligently with the performance of this subcontract pending final resolution of any contractual issues, disputes, or litigation arising under or related to this subcontract between the parties hereto or between the Subcontractor and lower-tier Subcontractors or suppliers.
- (e) The Contract Disputes Act of 1978 (41 U.S.C. Sections 601-613) shall not apply to this subcontract; provided, however, that nothing in this clause shall prohibit NREL, in its sole discretion, from sponsoring a dispute of the Subcontractor for resolution under the provision of its prime contract with DOE. In the event that NREL so sponsors a dispute at the request of the Subcontractor, the Subcontractor shall be bound by the decision of the cognizant DOE Contracting Officer to the same extent and in the same manner as NREL.
- (f) Any disputes relative to intellectual property matters will be governed by other provisions of this subcontract.

Vehicle access by Subcontractors and other visitors to the NREL operated facilities are controlled on a 24-hour, 7-day per week basis.
- (3) The Subcontractor is cautioned that effective January 1, 2007, the Colorado Revised Statutes (CRS 8-2-122) require employers that transact business in Colorado to comply with employment verification requirements to affirm that the employer has examined the legal work status of newly-hired employees and has retained file copies of the documents required by the Federal Immigration Reform and Control Act (8 USC 1324a).

 - (i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

- (b) (1) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the Subcontractor and such laborers and mechanics. - Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.
- (1) Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing

NREL Appendix B-4

- (2) The wage determination (including any additional classifications and wage rates conformed under paragraph (c) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Subcontractor and its lower-tier Subcontractors at the primary site of the work and the secondary site of the work, if any, in a prominent and accessible place where it can be easily seen by the workers.
- (c) (1) The NREL Subcontract Administrator shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the subcontract shall be classified in conformance with the wage determination.  - (i) The work to be performed by the classification requested is not performed by a classification in the wage determination.
 - (ii) The classification is utilized in the area by the construction industry.
 - (iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (2) If the Subcontractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the NREL Subcontract Administrator agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the NREL Subcontract Administrator through the DOE Contracting Officer to the Administrator of the:
 - Wage and Hour Division
 - Employment Standards Administration
 - U.S. Department of Labor
 - Washington, DC 20210The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within thirty (30) days of receipt and so advise the NREL Subcontract Administrator or will notify the NREL Subcontract Administrator within the thirty (30) day period that additional time is necessary.
- (3) In the event the Subcontractor, the laborers or mechanics to be employed in the classification, or their representatives, and the NREL Subcontract Administrator do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the NREL Subcontract Administrator shall refer the questions, including the views of all interested parties and the recommendation of the NREL Subcontract Administrator through the DOE Contracting Officer, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within thirty (30) days of receipt and so advise the NREL Subcontract Administrator or will notify the NREL Subcontract Administrator within the thirty (30) day period that additional time is necessary.
- (4) The wage rate (including fringe benefits, where appropriate) determined pursuant to paragraphs (c)(2) and (c)(3) of this clause shall be paid to all

workers performing work in the classification under this subcontract from the first day on which work is performed in the classification.

- (d) Whenever the minimum wage rate prescribed in the subcontract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Subcontractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (e) If the Subcontractor does not make payments to a trustee or other third person, the Subcontractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Subcontractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Subcontractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of work, all or part of the wages required by the subcontract, the NREL Subcontract Administrator may, after written notice to the Subcontractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

in section 1(b)(2)(B) of the Davis-Bacon Act, the Subcontractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Subcontractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

- (b) (1) The Subcontractor shall submit weekly for each week in which any subcontract work is performed a copy of all payrolls to the NREL Subcontract Administrator. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (A) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Subcontractor or lower-tier Subcontractor or his or her agent who pays or supervises the payment of the persons employed under the subcontract and shall certify—
 - (i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;
 - (ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the subcontract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and
 - (iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the subcontract.
 - (2) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph (b)(2) of this clause.
 - (3) The falsification of any of the certifications in this clause may subject the Subcontractor or lower-tier Subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.
- (c) The Subcontractor or lower-tier Subcontractor shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the NREL Subcontract Administrator or authorized representatives of the NREL Subcontract Administrator or the Department of Labor. The Subcontractor or lower-tier Subcontractor shall permit the NREL Subcontract Administrator or representatives of the NREL Subcontract Administrator or the Department of Labor to interview employees during working hours on the job. If the Subcontractor or

lower-tier Subcontractor fails to submit required records or to make them available, the NREL Subcontract Administrator may, after written notice to the Subcontractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

 - (ii) In the first ninety (90) days of probationary employment as an apprentice in such an apprenticeship program, even though not individually registered in the program, if certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.
- (2) The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Subcontractor as to the entire work force under the registered program.
- (3) Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(1) of this clause, shall be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.
- (4) Where a Subcontractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Subcontractor's or lower-tier Subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination.
- (5) Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

- (6) In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Subcontractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (b) Trainees.
 - (1) Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS). The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by OATELS.
 - (2) Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the OATELS shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed.
 - (3) In the event OATELS withdraws approval of a training program, the Subcontractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (c) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.
- (b) The Subcontractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Subcontractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.
- (c) The Subcontractor shall include this clause in every lower-tier subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

Clause 30. EQUAL OPPORTUNITY (MAR 2007)

Derived from FAR 52.222-26 (FD)

aggregate value in excess of \$10,000, the Subcontractor shall comply with this clause, except for work performed outside the United States by employees who were not recruited within the United States. Upon request, the Subcontractor shall provide information necessary to determine the applicability of this clause.

If the Subcontractor is a religious corporation, association, educational institution, or society, the requirements of this clause do not apply with respect to the employment of individuals of a particular religion to perform work connected with the carrying on of the Subcontractor's activities (41 CFR 60-1.5).

- (c) (1) The Subcontractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Subcontractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5. The Subcontractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to—
- (i) Employment;
 - (ii) Upgrading;
 - (iii) Demotion;
 - (iv) Transfer;

- (4) The Subcontractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the NREL Subcontract Administrator advising the labor union or workers' representative of the Subcontractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The Subcontractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
- (6) The Subcontractor shall furnish to NREL all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Subcontractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR Part 60-1. Unless the Subcontractor has filed within the twelve (12) months preceding the date of subcontract award, the Subcontractor shall, within thirty (30) days after subcontract award, apply to either the regional Office of Federal Contract

- Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.
- (7) The Subcontractor shall permit access to its premises, during normal business hours, by NREL/Government or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Subcontractor shall permit the NREL/Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.
 - (8) If the OFCCP determines that the Subcontractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this subcontract may be canceled, terminated, or suspended in whole or in part and the Subcontractor may be declared ineligible for further NREL subcontracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Subcontractor as provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.
 - (9) The Subcontractor shall include the terms and conditions of this clause in every lower-tier subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each Subcontractor or vendor.
 - (10) The Subcontractor shall take such action with respect to any lower-tier subcontract or purchase order as the NREL Subcontract Administrator may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Subcontractor becomes involved in, or is threatened with, litigation with a lower-tier Subcontractor or vendor as a result of any direction, the Subcontractor may request the United States to enter into the litigation to protect the interests of the United States.
- (d) Notwithstanding any other clause in this subcontract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

 - (2) "Deputy Assistant Secretary," as used in this clause, means the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, or a designee.
 - (3) "Employer identification number," as used in this clause, means the Federal Social Security number used on the employer's quarterly federal tax return, U.S. Treasury Department Form 941.
 - (4) "Minority," as used in this clause, means—

NREL Appendix B-4

- (i) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
 - (ii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands);
 - (iii) Black (all persons having origins in any of the black African racial groups not of Hispanic origin); and
 - (iv) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race).
- (b) If the Subcontractor, or a Subcontractor at any tier, subcontracts a portion of the work involving any construction trade, each such subcontract in excess of \$10,000 shall include this clause and the Notice containing the goals for minority and female participation stated in the solicitation for this subcontract.
- (c) If the Subcontractor is participating in a Hometown Plan (41 CFR 60-4) approved by the U.S. Department of Labor in a covered area, either individually or through an association, its affirmative action obligations on all work in the plan area (including goals) shall comply with the plan for those trades that have unions participating in the plan. Subcontractors must be able to demonstrate participation in, and compliance with, the provisions of the plan. Each Subcontractor or lower-tier Subcontractor participating in an approved plan is also required to comply with its obligations under the Equal Opportunity clause, and to make a good faith effort to achieve each goal under the plan in each trade in which it has employees. The overall good-faith performance by other Subcontractors or lower-tier Subcontractors toward a goal in an approved plan does not excuse any Subcontractor's or lower-tier Subcontractor's failure to make good-faith efforts to achieve the plan's goals.
- (d) The Subcontractor shall implement the affirmative action procedures in paragraphs (g) (1) through (16) of this clause. The goals stated in the solicitation for this subcontract are expressed as percentages of the total hours of employment and training of minority and female utilization that the Subcontractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. If the Subcontractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for the geographical area where that work is actually performed. The Subcontractor is expected to make substantially uniform progress toward its goals in each craft.
- (e) Neither the terms and conditions of any collective bargaining agreement, nor the failure by a union with which the Subcontractor has a collective bargaining agreement, to refer minorities or women shall excuse the Subcontractor's obligations under this clause, Executive Order 11246, as amended, or the regulations there under.
- (f) In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, apprentices and trainees must be employed by the Subcontractor during the training period, and the Subcontractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
- (g) The Subcontractor shall take affirmative action to ensure equal employment opportunity. The evaluation of the Subcontractor's compliance with this clause shall be based upon its effort to achieve maximum results from its actions. The

NREL Appendix B-4

Subcontractor shall document these efforts fully and implement affirmative action steps at least as extensive as the following:

- (1) Ensure a working environment free of harassment, intimidation, and coercion at all sites and in all facilities where the Subcontractor's employees are assigned to work. The Subcontractor, if possible, will assign two (2) or more women to each construction project. The Subcontractor shall ensure that foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Subcontractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at these sites or facilities.
- (2) Establish and maintain a current list of sources for minority and female recruitment. Provide written notification to minority and female recruitment sources and community organizations when the Subcontractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
- (3) Establish and maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant, referrals of minorities or females from unions, recruitment sources, or community organizations, and the action taken with respect to each individual. If an individual was sent to the union hiring hall for referral and not referred back to the Subcontractor by the union or, if referred back, not employed by the Subcontractor, this shall be documented in the file, along with whatever additional actions the Subcontractor may have taken.
- (4) Immediately notify the Deputy Assistant Secretary when the union or unions with which the Subcontractor has a collective bargaining agreement has not referred back to the Subcontractor a minority or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
- (5) Develop on-the-job training opportunities and/or participate in training programs for the area that expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Subcontractor's employment needs, especially those programs funded or approved by the Department of Labor. The Subcontractor shall provide notice of these programs to the sources compiled under paragraph (g) (2) of this clause.
- (6) Disseminate the Subcontractor's equal employment policy by—
 - (i) Providing notice of the policy to unions and to training, recruitment, and outreach programs, and requesting their cooperation in assisting the Subcontractor in meeting its contract obligations;
 - (ii) Including the policy in any policy manual and in collective bargaining agreements;
 - (iii) Publicizing the policy in the company newspaper, annual report, etc.;
 - (iv) Reviewing the policy with all management personnel and with all minority and female employees at least once a year; and
 - (v) Posting the policy on bulletin boards accessible to employees at each location where construction work is performed.
- (7) Review, at least annually, the Subcontractor's equal employment policy and affirmative action obligations with all employees having responsibility for hiring, assignment, layoff, termination, or other employment decisions. Conduct review of this policy with all on-site supervisory personnel before initiating construction work at a job site. A written record shall be made and

- maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
- (8) Disseminate the Subcontractor's equal employment policy externally by including it in any advertising in the news media, specifically including minority and female news media. Provide written notification to, and discuss this policy with, other Contractors and Subcontractors with which the Subcontractor does or anticipates doing business.
 - (9) Direct recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students, and to minority and female recruitment and training organizations serving the Subcontractor's recruitment area and employment needs. Not later than one (1) month before the date for acceptance of applications for apprenticeship or training by any recruitment source, send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
 - (10) Encourage present minority and female employees to recruit minority persons and women. Where reasonable, provide after-school, summer, and vacation employment to minority and female youth both on the site and in other areas of the Subcontractor's workforce.
 - (11) Validate all tests and other selection requirements where required under 41 CFR 60-3.
 - (12) Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities. Encourage these employees to seek or to prepare for, through appropriate training, etc., opportunities for promotion.
 - (13) Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment-related activities to ensure that the Subcontractor's obligations under this contract are being carried out.
 - (14) Ensure that all facilities and company activities are non-segregated except that separate or single-user rest rooms and necessary dressing or sleeping areas shall be provided to assure privacy between the sexes.
 - (15) Maintain a record of solicitations for lower-tier subcontracts for minority and female construction lower-tier Subcontractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.
 - (16) Conduct a review, at least annually, of all supervisors' adherence to and performance under the Subcontractor's equal employment policy and affirmative action obligations.
- (h) The Subcontractor is encouraged to participate in voluntary associations that may assist in fulfilling one or more of the affirmative action obligations contained in paragraphs (g) (1) through (16) of this clause. The efforts of a contractor association, joint contractor-union, contractor-community, or similar group of which the Subcontractor is a member and participant may be asserted as fulfilling one or more of its obligations under paragraphs (g) (1) through (16) of this clause, provided, the Subcontractor—
- (1) Actively participates in the group;
 - (2) Makes every effort to ensure that the group has a positive impact on the employment of minorities and women in the industry;
 - (3) Ensures that concrete benefits of the program are reflected in the Subcontractor's minority and female workforce participation;

NREL Appendix B-4

- (4) Makes a good-faith effort to meet its individual goals and timetables; and
 - (5) Can provide access to documentation that demonstrates the effectiveness of actions taken on behalf of the Subcontractor. The obligation to comply is the Subcontractor's, and failure of such a group to fulfill an obligation shall not be a defense for the Subcontractor's noncompliance.
- (i) A single goal for minorities and a separate single goal for women shall be established. The Subcontractor is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and nonminority. Consequently, the Subcontractor may be in violation of Executive Order 11246, as amended, if a particular group is employed in a substantially disparate manner.
 - (j) The Subcontractor shall not use goals or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.
 - (k) The Subcontractor shall not enter into any lower-tier subcontract with any person or firm debarred from Government contracts under Executive Order 11246, as amended.
 - (l) The Subcontractor shall carry out such sanctions and penalties for violation of this clause and of the Equal Opportunity clause, including suspension, termination, and cancellation of existing lower-tier subcontracts, as may be imposed or ordered under Executive Order 11246, as amended, and its implementing regulations, by the OFCCP. Any failure to carry out these sanctions and penalties as ordered shall be a violation of this clause and Executive Order 11246, as amended.
 - (m) The Subcontractor in fulfilling its obligations under this clause shall implement affirmative action procedures at least as extensive as those prescribed in paragraph (g) of this clause, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Subcontractor fails to comply with the requirements of Executive Order 11246, as amended, the implementing regulations, or this clause, the Deputy Assistant Secretary shall take action as prescribed in 41 CFR 60-4.8.
 - (n) The Subcontractor shall designate a responsible official to—
 - (1) Monitor all employment-related activity to ensure that the Subcontractor's equal employment policy is being carried out;
 - (2) Submit reports as may be required by the NREL/Government; and
 - (3) Keep records that shall at least include for each employee the name, address, telephone number, construction trade, union affiliation (if any), employee identification number, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, separate records are not required to be maintained.
 - (o) Nothing contained herein shall be construed as a limitation upon the application of other laws that establish different standards of compliance or upon the requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

 - (1) The Subcontractor shall immediately list all employment openings that exist at the time of the execution of this subcontract and those which occur during the performance of this subcontract, including those not generated by this subcontract, and including those occurring at an establishment of the Subcontractor other than the one where the subcontract is being performed, but excluding those of independently operated corporate affiliates, at an appropriate local public employment service office of the State wherein the opening occurs. Listing employment openings with the U.S. Department of Labor's America's Job Bank shall satisfy the requirement to list jobs with the local employment service office.
 - (2) The Subcontractor shall make the listing of employment openings with the local employment service office at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Subcontractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.
 - (3) Whenever the Subcontractor becomes contractually bound to the listing terms of this clause, it shall advise the State public employment agency in each State where it has establishments of the name and location of each hiring location in the State. As long as the Subcontractor is contractually bound to these terms and has so advised the State agency, it need not advise the State agency of subsequent contracts/subcontracts. The Subcontractor may advise the State agency when it is no longer bound by this subcontract clause.
- (d) Applicability.  - (2) The employment notices shall—
 - (i) State the rights of applicants and employees as well as the Subcontractor's obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants who are special disabled veterans, veterans of the Vietnam era, and other eligible veterans; and
 - (ii) Be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance Programs, Department of Labor (Deputy Assistant Secretary of Labor).
 - (3) The Subcontractor shall ensure that applicants or employees who are special disabled veterans are informed of the contents of the notice (e.g., the Subcontractor may have the notice read to a visually disabled veteran, or may lower the posted notice so that it can be read by a person in a wheelchair).

- (4) The Subcontractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement, or other contract understanding, that the Subcontractor is bound by the terms of the Act and is committed to take affirmative action to employ, and advance in employment, qualified special disabled veterans, veterans of the Vietnam era, and other eligible veterans.
- (f) Noncompliance. If the Subcontractor does not comply with the requirements of this clause, appropriate actions under the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.
- (g) Lower-tier subcontracts. The Subcontractor shall insert the terms of this clause in all lower-tier subcontracts or purchase orders of \$100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor. The Subcontractor shall act as specified by the Deputy Assistant Secretary of Labor to enforce the terms, including action for noncompliance.

**Clause 39. BUY AMERICAN ACT-BALANCE OF PAYMENTS PROGRAM-
CONSTRUCTION MATERIALS (JAN 2005)**

Derived from 52.225-9

(Applies to construction subcontracts less than \$7,443,000.)

- (a) Definitions. As used in this clause—
 - (1) “Component” means an article, material, or supply incorporated directly into a construction material.
 - (2) “Construction material” means an article, material, or supply brought to the construction site by the Subcontractor or lower-tier Subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by NREL/Government are supplies, not construction material.
 - (3) “Cost of components” means—
 - (i) For components purchased by the Subcontractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or
 - (ii) For components manufactured by the Subcontractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (i) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.
 - (4) “Domestic construction material” means—
 - (i) An unmanufactured construction material mined or produced in the United States; or
 - (ii) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.
 - (5) “Foreign construction material” means a construction material other than a domestic construction material.
 - (6) “United States” means the 50 States, the District of Columbia, and outlying areas.
- (b) Domestic preference.
 - (1) This clause implements the Buy American Act (41 U.S.C. 10a - 10d) by providing a preference for domestic construction material. The Subcontractor shall use only domestic construction material in performing this subcontract, except as provided in paragraphs (b) (2) and (b) (3) of this clause.
 - (2) This requirement does not apply to the construction material or components listed by the NREL Subcontract Administrator in the subcontract schedule.

NREL Appendix B-4

- (3) The NREL Subcontract Administrator may add other foreign construction material to the list in paragraph (b)(2) of this clause if the NREL Subcontract Administrator determines that—
 - (i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;
 - (ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or
 - (iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.
- (c) Request for determination of inapplicability of the Buy American Act.
 - (1)
 - (i) Any Subcontractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for NREL evaluation of the request, including—
 - (A) A description of the foreign and domestic construction materials;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Price;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b) (3) of this clause.
 - (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.
 - (iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).
 - (iv) Any Subcontractor request for a determination submitted after subcontract award shall explain why the Subcontractor could not reasonably foresee the need for such determination and could not have requested the determination before subcontract award. If the Subcontractor does not submit a satisfactory explanation, the NREL Subcontract Administrator need not make a determination.
 - (2) If NREL determines after subcontract award that an exception to the Buy American Act applies and the NREL Subcontract Administrator and the Subcontractor negotiate adequate consideration, the NREL Subcontract Administrator will modify the subcontract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

NREL Appendix B-4

- (3) Unless NREL determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.
- (4) Any Subcontractor request for a determination submitted after subcontract award shall explain why the Subcontractor could not reasonably foresee the need for such determination and could not have requested the determination before subcontract award. If the Subcontractor does not submit a satisfactory explanation, the NREL Subcontract Administrator need not make a determination.
- (5) If NREL determines after subcontract award that an exception to the Buy American Act applies and the NREL Subcontract Administrator and the subcontractor negotiate adequate consideration, the NREL Subcontract Administrator will modify the subcontract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.
- (6) Unless NREL determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.
- (d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Subcontractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison*			
Construction Material Description	Unit of Measure	Quantity	Price (Dollars)
Item 1:			
Foreign Construction Material			
Domestic Construction Material			
Item 2:			
Foreign Construction Material			
Domestic Construction Material			

*[Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued.)]

*[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

*[Include other applicable supporting information.]

- (i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or
 - (ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.
- (2) “Component” means an article, material, or supply incorporated directly into a construction material.
- (3) “Construction material” means an article, material, or supply brought to the construction site by the Subcontractor or lower-tier Subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the NREL are supplies, not construction material.
- (4) “Cost of components” means—
 - (i) For components purchased by the Subcontractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or
 - (ii) For components manufactured by the Subcontractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (i) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.
- (5) “Designated country” means any of the following countries:
 - (i) A World Trade Organization Government Procurement Agreement country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, or United Kingdom);
 - (ii) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Dominican Republic, El Salvador, Guatemala, Honduras, Mexico, Morocco, Nicaragua, or Singapore);
 - (iii) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Cape Verde, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

NREL Appendix B-4

- (iv) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, British Virgin Islands, Costa Rica, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Netherlands Antilles, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, or Trinidad and Tobago).
- (6) “Designated country construction material” means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.
- (7) “Domestic construction material” means—
 - (i) An unmanufactured construction material mined or produced in the United States; or
 - (ii) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.
- (8) “Foreign construction material” means a construction material other than a domestic construction material.
- (9) “Free Trade Agreement country construction material” means a construction material that—
 - (i) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or
 - (ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.
- (10) “Least developed country construction material” means a construction material that—
 - (i) Is wholly the growth, product, or manufacture of a least developed country; or
 - (ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.
- (11) “United States” means the 50 States, the District of Columbia, and outlying areas.
- (12) “WTO GPA country construction material” means a construction material that—
 - (i) Is wholly the growth, product, or manufacture of a WTO GPA country; or
 - (ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.
- (b) Construction materials.
 - (1) This clause implements the Buy American Act (41 U.S.C. 10a-10d) by providing a preference for domestic construction material. In addition, the NREL Subcontract Administrator has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy

NREL Appendix B-4

- American Act restrictions are waived for designated country construction materials.
- (2) The Subcontractor shall use only domestic or designated country construction material in performing this subcontract, except as provided in paragraphs (b) (3) and (b) (4) of this clause.
 - (3) The requirement in paragraph (b) (2) of this clause does not apply to the construction materials or components listed by the NREL Subcontract Administrator as follows: none.
 - (4) The NREL Subcontract Administrator may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—
 - (i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the restrictions of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;
 - (ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or
 - (iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.
- (c) Request for determination of inapplicability of the Buy American Act.
- (1)
 - (i) Any Subcontractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for NREL evaluation of the request, including—
 - (A) A description of the foreign and domestic construction materials;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Price;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b) (3) of this clause.
 - (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.
 - (iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).
 - (iv) Any Subcontractor request for a determination submitted after subcontract award shall explain why the Subcontractor could not reasonably foresee the need for such determination and could not have requested the determination before subcontract award. If the Subcontractor does not submit a satisfactory explanation, the NREL Subcontract Administrator need not make a determination.
 - (2) If NREL determines after subcontract award that an exception to the Buy American Act applies and the NREL Subcontract Administrator and the

NREL Appendix B-4

Subcontractor negotiate adequate consideration, the NREL Subcontract Administrator will modify the subcontract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

- (3) Unless NREL determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.
- (d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Subcontractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison*			
Construction Material Description	Unit of Measure	Quantity	Price (Dollars)
Item 1:			
Foreign Construction Material			
Domestic Construction Material			
Item 2:			
Foreign Construction Material			
Domestic Construction Material			

[*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued.)]

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

- (e) United States law will apply to resolve any claim of breach of this clause.

Clause 41. RESTRICTIONS ON CERTAIN FOREIGN PURCHASES (JUN 2008)

Derived from FAR 52.225-13 (FD)

(Applies to all subcontracts exceeding \$2,500.)

- (a) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Subcontractor shall not acquire, for use in the performance of this subcontract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR Chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.
- (b) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas. Lists of entities and individuals subject to economic sanctions are included in OFAC's List of Specially Designated Nationals and Blocked Persons at <http://www.treas.gov/offices/enforcement/ofac/sdn>. More information about these restrictions, as well as updates, is available in the OFAC's regulations at

31 CFR Chapter V and/or on OFAC's website at

Clause 43. ADDITIONAL BOND SECURITY (OCT 1997)

Derived from FAR 52.228-2

(Applies to subcontracts where a bond is required.)

The Subcontractor shall promptly furnish additional security required to protect NREL/Government and persons supplying labor or materials under this subcontract if—

- (a) Any surety upon any bond, or issuing financial institution for other security, furnished with this subcontract becomes unacceptable to NREL/Government;
- (b) Any surety fails to furnish reports on its financial condition as required by NREL/Government;
- (c) The subcontract price is increased so that the penal sum of any bond becomes inadequate in the opinion of the NREL Subcontract Administrator; or
- (d) An irrevocable letter of credit (ILC) used as security will expire before the end of the period of required security. If the Subcontractor does not furnish an acceptable extension or replacement ILC, or other acceptable substitute, at least thirty (30) days before an ILC's subcontract schedule expiration, the NREL Subcontract Administrator has the right to immediately draw on the ILC.

Clause 44. INSURANCE - WORK ON A GOVERNMENT INSTALLATION (SPECIAL-CONSTRUCTION) (JUL 2008)

- (a) Definitions, as used in this clause—
 - (1) "After-imposed Federal tax" means any new or increased Federal excise tax or duty, or tax that was exempted or excluded on the subcontract date but whose exemption was later revoked or reduced during the subcontract period, on the transactions or property covered by this subcontract that the Subcontractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the subcontract date. NREL Appendix B-4

- (d) The subcontract price shall be decreased by the amount of any after-relieved Federal tax.
- (e) The subcontract price shall be decreased by the amount of any Federal excise tax or duty, except social security or other employment taxes, that the Subcontractor is required to pay or bear, or does not obtain a refund of, through the Subcontractor's fault, negligence, or failure to follow instructions of the NREL Subcontract Administrator.
- (f) No adjustment shall be made in the subcontract price under this clause unless the amount of the adjustment exceeds \$250.
- (g) The Subcontractor shall promptly notify the NREL Subcontract Administrator of all matters relating to any Federal excise tax or duty that reasonably may be expected to result in either an increase or decrease in the subcontract price and shall take appropriate action as the NREL Subcontract Administrator directs.

Derived from FAR 52.229-6

(Applies to fixed price subcontracts exceeding \$100,000 performed wholly or partly in a foreign country.)

 - (2) "Tax and "taxes" include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.
 - (3) "All applicable taxes and duties" means all taxes and duties, in effect on the subcontract date, that the taxing authority is imposing and collecting on the transactions or property covered by this subcontract, pursuant to written ruling or regulation in effect on the subcontract date.
 - (4) "After-imposed tax" means any new or increased tax or duty, or tax that was exempted or excluded on the subcontract date but whose exemption was later revoked or reduced during the subcontract period, other than excepted tax, on the transactions or property covered by this subcontract that the Subcontractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the subcontract date.
 - (5) "After-relieved tax" means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this subcontract, but which the Subcontractor is not required to pay or bear, or for which the Subcontractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the subcontract date.

 - (d) The subcontract price shall be increased by the amount of any after-imposed tax or of any tax or duty specifically excluded from the subcontract price by a provision of this subcontract that the Subcontractor is required to pay or bear, including any interest or penalty, if the Subcontractor states in writing that the subcontract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Subcontractor’s fault, negligence, or failure to follow instructions of the NREL Subcontract Administrator or to comply with the provisions of paragraph (l) of this clause.
 - (e) The subcontract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States/NREL shall be entitled to interest received by the Subcontractor incident to a refund of taxes to the extent that such interest was earned after the Subcontractor was paid by NREL for such taxes. The Government of the United States/NREL shall be entitled to repayment of any penalty refunded to the Subcontractor to the extent that the penalty was paid by NREL.
 - (f) The subcontract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the subcontract and that the Subcontractor is required to pay or bear, or does not obtain a refund of, through the Subcontractor’s fault, negligence, or failure to follow instructions of the NREL Subcontract Administrator or to comply with the provisions of paragraph (l) of this clause.

 - (i) The Subcontractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, NREL, the Subcontractor, any lower-tier Subcontractor, or the transactions or property covered by this subcontract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

The subcontract price shall be equitably adjusted to cover the costs of action taken by the Subcontractor at the direction of the NREL Subcontract Administrator, including any interest, penalty, and reasonable attorneys’ fees.

Clause 47. PAYMENTS UNDER FIXED-PRICE CONSTRUCTION SUBCONTRACTS (SEP 2002)

Derived from FAR 52.232-5

(Applies to fixed-price construction subcontracts.)

- (a) Payment of price.
 - (1) NREL shall pay the Subcontractor the subcontract price as provided in this subcontract.
- (b) Progress payments.
 - (1) NREL shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the NREL Subcontract Administrator, on estimates of work accomplished which meets the standards of quality established under the subcontract, as approved by the NREL Subcontract Administrator.
 - (2) The Subcontractor's request for progress payments shall include the following substantiation:
 - (i) An itemization of the amounts requested, related to the various elements of work required by the subcontract covered by the payment requested.
 - (ii) A listing of the amount included for work performed by each lower-tier Subcontractor under the subcontract.
 - (iii) A listing of the total amount of each lower-tier subcontract under the subcontract.
 - (iv) A listing of the amounts previously paid to each such lower-tier Subcontractor under the subcontract.
 - (v) Additional supporting data in a form and detail required by the NREL Subcontract Administrator.
 - (3) In the preparation of estimates, the NREL Subcontract Administrator may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Subcontractor at locations other than the site also may be taken into consideration if—
 - (i) Consideration is specifically authorized by this subcontract; and
 - (ii) The Subcontractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this subcontract.
- (c) Subcontractor certification.

Along with each request for progress payments, the Subcontractor shall furnish the following certification, or payment shall not be made. However, if the Subcontractor elects to delete paragraph (c) (4) from the certification, the certification is still acceptable. I hereby certify, to the best of my knowledge and belief, that—

 - (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the subcontract;
 - (2) All payments due to lower-tier Subcontractors and suppliers from previous payments received under the subcontract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with lower-tier subcontract agreements and the requirements of chapter 39 of Title 31, United States Code;
 - (3) This request for progress payments does not include any amounts which the Subcontractor intends to withhold or retain from a lower-tier Subcontractor or supplier in accordance with the terms and conditions of the lower-tier subcontract; and

NREL Appendix B-4

- (4) This certification is not to be construed as final acceptance of a lower-tier Subcontractor's performance.

(Name)

(Title)

(Date)

- (d) Refund of unearned amounts.
If the Subcontractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Subcontractor that fails to conform to the specifications, terms, and conditions of this subcontract (hereinafter referred to as the "unearned amount"), the Subcontractor shall—
- (1) Notify the NREL Subcontract Administrator of such performance deficiency; and
 - (2) Be obligated to pay NREL an amount (computed by the NREL Subcontract Administrator in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the eighth (8th) day after the date of receipt of the unearned amount until—
 - (i) The date the Subcontractor notifies the NREL Subcontract Administrator that the performance deficiency has been corrected; or
 - (ii) The date the Subcontractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.
- (e) Retainage.
If the NREL Subcontract Administrator finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the NREL Subcontract Administrator shall authorize payment to be made in full. However, if satisfactory progress has not been made, the NREL Subcontract Administrator may retain a maximum of ten (10) percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the NREL Subcontract Administrator may retain from previously withheld funds and future progress payments that amount the NREL Subcontract Administrator considers adequate for protection of NREL/Government and shall release to the Subcontractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the subcontract, for which the price is stated separately in the subcontract, payment shall be made for the completed work without retention of a percentage.
- (f) Title, liability, and reservation of rights.
All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as—
- (1) Relieving the Subcontractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
 - (2) Waiving the right of NREL/Government to require the fulfillment of all of the terms of the subcontract.

NREL Appendix B-4

- (g) Reimbursement for bond premiums.
In making these progress payments, NREL shall, upon request, reimburse the Subcontractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Subcontractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.
- (h) Final payment.
NREL shall pay the amount due the Subcontractor under this subcontract after—
 - (1) Completion and acceptance of all work;
 - (2) Presentation of a properly executed voucher; and
 - (3) Presentation of release of all claims against NREL/Government arising by virtue of this subcontract, other than claims, in stated amounts, that the Subcontractor has specifically accepted from the operation of the release. A release may also be required of the assignee if the Subcontractor's claim to amounts payable under this subcontract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 15).
- (i) Limitation because of undefinitized work.
Notwithstanding any provision of this subcontract, progress payments shall not exceed eighty (80) percent on work accomplished on undefinitized subcontract actions.
 - (1) A "subcontract action" is any action resulting in a subcontract, as defined in FAR Subpart 2.1, including subcontract modifications for additional supplies or services, but not including subcontract modifications that are within the scope and under the terms of the subcontract, such as subcontract modifications issued pursuant to the Changes clause, or funding and other administrative changes.
- (j) Interest computation on unearned amounts.
In accordance with 31 U.S.C. 3903(c) (1), the amount payable under paragraph (d) (2) of this clause shall be—
 - (1) Computed at the rate of average bond equivalent rates of ninety-one-day (91-day) Treasury bills auctioned at the most recent auction of such bills prior to the date the Subcontractor receives the unearned amount; and
 - (2) Deducted from the next available payment to the Subcontractor.

Clause 48. ASSIGNMENT OR TRANSFER (SPECIAL) (OCT 2008)

Derived from 52.232-24 (JAN 1986)

(Applies to all subcontracts.)

- (a) Except as expressly authorized in writing by the NREL Subcontract Administrator, this subcontract or any interest therein or claim under this subcontract shall not be assigned or transferred by the Subcontractor.
- (b) In the event of any authorization of assignment or transfer, the parties shall file written notice together with a true copy of the instrument of the assignment or transfer with the NREL Subcontract Administrator. Such assignment or transfer shall cover all amounts payable under the subcontract not already paid, shall not be made to more than one party, and shall not be subject to further assignment or transfers.
- (c) When directed by DOE, the Prime Contractor, may assign or transfer all its rights and obligations under this subcontract to DOE or its designee.

Clause 49. DIFFERING SITE CONDITIONS (APR 1984)

Derived from FAR 52.236-2

(Applies to construction subcontracts.)

- (a) The Subcontractor shall promptly, and before the conditions are disturbed, give a written notice to the NREL Subcontract Administrator of—
 - (1) Subsurface or latent physical conditions at the site which differ materially from those indicated in this subcontract; or
 - (2) Unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the subcontract.
- (b) The NREL Subcontract Administrator shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in the Subcontractor's cost of, or the time required for, performing any part of the work under this subcontract, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the subcontract modified in writing accordingly.
- (c) No request by the Subcontractor for an equitable adjustment to the subcontract under this clause shall be allowed, unless the Subcontractor has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the NREL Subcontract Administrator.
- (d) No request by the Subcontractor for an equitable adjustment to the subcontract for differing site conditions shall be allowed if made after final payment under this subcontract.

Clause 50. SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (APR 1984)

Derived from FAR 52.236-3

(Applies to construction subcontracts.)

- (a) The Subcontractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to—
 - (1) Conditions bearing upon transportation, disposal, handling, and storage of materials;
 - (2) The availability of labor, water, electric power, and roads;
 - (3) Uncertainties of weather, river stages, tides, or similar physical conditions at the site;
 - (4) The conformation and conditions of the ground; and
 - (5) The character of equipment and facilities needed preliminary to and during work performance. The Subcontractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by NREL, as well as from the drawings and specifications made a part of this subcontract. Any failure of the Subcontractor to take the actions described and acknowledged in this paragraph will not relieve the Subcontractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for

proceeding to successfully perform the work without additional expense to NREL.

- (b) Neither NREL nor the Government assumes responsibility for any conclusions or interpretations made by the Subcontractor based on the information made available by NREL/Government. Nor does NREL/Government assume responsibility for any understanding reached or representation made concerning conditions that can affect the work by any of its officers or agents before the execution of this subcontract, unless that understanding or representation is expressly stated in this subcontract.

Clause 51. MATERIAL AND WORKMANSHIP (APR 1984)

Derived from FAR 52.236-5

(Applies to construction subcontracts.)

- (a) All equipment, material, and articles incorporated into the work covered by this subcontract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this subcontract. References in the specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Subcontractor may, at its option, use any equipment, material, article, or process that, in the judgment of the NREL Subcontract Administrator, is equal to that named in the specifications, unless otherwise specifically provided in this subcontract.
- (b) The Subcontractor shall obtain the NREL Subcontract Administrator's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Subcontractor shall furnish to the NREL Subcontract Administrator the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment. When required by this subcontract or by the NREL Subcontract Administrator, the Subcontractor shall also obtain the NREL Subcontract Administrator's approval of the material or articles which the Subcontractor contemplates incorporating into the work. When requesting approval, the Subcontractor shall provide full information concerning the material or articles. When directed to do so, the Subcontractor shall submit samples for approval, at the Subcontractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.
- (c) All work under this subcontract shall be performed in a skillful and workmanlike manner. The NREL Subcontract Administrator may require, in writing, that the Subcontractor remove from the work any employee the NREL Subcontract Administrator deems incompetent, careless, or otherwise objectionable.

Clause 52. SUPERINTENDENCE BY THE SUBCONTRACTOR (APR 1984)

The Subcontractor shall also be responsible for all damages to persons or property that occur as a result of the Subcontractor's fault or negligence. The Subcontractor shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the subcontract.

Clause 54. OTHER CONTRACTS OR SUBCONTRACTS (APR 1984)

Derived from FAR 52.236-8

(Applies to construction subcontracts.)

NREL/Government may undertake or award other contracts or subcontracts for additional work at or near the site of the work under this subcontract. The Subcontractor shall fully cooperate with the other contractors or Subcontractors and with NREL/Government employees and shall carefully adapt scheduling and performing the work under this subcontract to accommodate the additional work, heeding any direction that may be provided by the NREL Subcontract Administrator. The Subcontractor shall not commit or permit any act that will interfere with the performance of work by any other contractor, Subcontractor, or by NREL/Government employees.

Clause 55. PROTECTION OF EXISTING VEGETATION, STRUCTURES, EQUIPMENT, UTILITIES, AND IMPROVEMENTS AND SET OFF FOR HAZARDOUS MATERIALS RESPONSE, CLEANUP, AND DISPOSAL (SPECIAL-CONSTRUCTION) (OCT 2008)

(Applies to construction subcontracts.)

- (a) The Subcontractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed and which do not unreasonably interfere with the work required under this subcontract. The Subcontractor shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during subcontract performance, or by the careless operation of equipment, or by workmen, the Subcontractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the NREL Subcontract Administrator.
- (b) The Subcontractor shall protect from damage all existing improvements and utilities--
 - (1) At or near the work site, and
 - (2) On adjacent property of a third party, the locations of which are made known to or should be known by the Subcontractor.
- (c) The Subcontractor shall repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this subcontract or failure to exercise reasonable care in performing the work. If the Subcontractor fails or refuses to repair the damage promptly, the NREL Subcontract Administrator may have the necessary work performed and charge the cost to the Subcontractor.

NREL Appendix B-4

- (d) The Subcontractor shall be responsible for reasonable costs associated with NREL-directed emergency response, cleanup, and disposal of hazardous material spills caused by the Subcontractor or any of its lower-tier Subcontractors during performance of work required under this subcontract. Upon determination of reasonable costs to be back charged to the Subcontractor resulting from such hazardous material spills, the NREL Subcontract Administrator shall provide the Subcontractor with written notice of the work performed and the costs to be charged to the Subcontractor. The back charge shall be set off against the subcontract price and the subcontract shall be modified in writing. NREL has the right to set off such costs against any amount payable to the Subcontractor whether or not in connection with this subcontract.
- (e) The rights and remedies of NREL/Government in this clause are in addition to any other rights and remedies provided by law or under this subcontract.

Clause 56. OPERATIONS AND STORAGE AREAS (APR 1984)

Derived from FAR 52.236-10

(Applies to construction subcontracts.)

- (a) The Subcontractor shall confine all operations (including storage of materials) on Government premises to areas authorized or approved by the NREL Subcontract Administrator. The Subcontractor shall hold and save NREL/Government, their officers and agents, free and harmless from liability of any nature occasioned by the Subcontractor's performance.
- (b) Temporary buildings (e.g., storage sheds, shops, offices) and utilities may be erected by the Subcontractor only with the approval of the NREL Subcontract Administrator and shall be built with labor and materials furnished by the Subcontractor without expense to NREL. The temporary buildings and utilities shall remain the property of the Subcontractor and shall be removed by the Subcontractor at its expense upon completion of the work. With the written consent of the NREL Subcontract Administrator, the buildings and utilities may be abandoned and need not be removed.
- (c) The Subcontractor shall, under regulations prescribed by the NREL Subcontract Administrator, use only established roadways, or use temporary roadways constructed by the Subcontractor when and as authorized by the NREL Subcontract Administrator. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any federal, state, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Subcontractor shall protect them from damage. The Subcontractor shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

Clause 57. USE AND POSSESSION PRIOR TO COMPLETION (APR 1984)

Derived from FAR 52.236-11

(Applies to construction subcontracts.)

- (a) NREL shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, the NREL Subcontract Administrator shall furnish the Subcontractor a list of items of work remaining to be performed or corrected on those portions of the work that NREL

intends to take possession of or use. However, failure of the NREL Subcontract Administrator to list any item of work shall not relieve the Subcontractor of responsibility for complying with the terms of the subcontract. NREL's possession or use shall not be deemed an acceptance of any work under the subcontract.

- (b) While NREL has such possession or use, the Subcontractor shall be relieved of the responsibility for the loss of or damage to the work resulting from NREL's possession or use, notwithstanding the terms of the clause in this subcontract entitled "Permits and Responsibilities." If prior possession or use by NREL delays the progress of the work or causes additional expense to the Subcontractor, an equitable adjustment shall be made in the subcontract price or the time of completion, and the subcontract shall be modified in writing accordingly.

Clause 58. CLEANING UP (APR 1984)

Derived from FAR 52.236-12

(Applies to construction subcontracts.)

The Subcontractor shall at all times keep the work area, including storage areas, free from accumulations of waste materials. Before completing the work, the Subcontractor shall remove from the work and premises any rubbish, tools, scaffolding, equipment, and materials that are not the property of NREL/Government. Upon completing the work, the Subcontractor shall leave the work area in a clean, neat, and orderly condition satisfactory to the NREL Subcontract Administrator.

Clause 59. ACCIDENT PREVENTION (SPECIAL) (OCT 2008)

Derived from FAR 52.236-13 (NOV 1991)

(Applies to construction subcontracts.)

- (a) The Subcontractor shall provide and maintain work environments and procedures which will—
 - (1) Safeguard the public, NREL/Government, and personnel, property, materials, supplies, and equipment exposed to Subcontractor operations and activities;
 - (2) Avoid interruptions of NREL/Government operations and delays in project completion dates; and
 - (3) Control costs in the performance of this subcontract.
- (b) For these purposes, on subcontracts for construction or dismantling, demolition, or removal of improvements, the Subcontractor shall—
 - (1) Provide appropriate safety barricades, signs, and signal lights;
 - (2) Comply with the standards issued by the Secretary of Labor at 29 CFR Part 1926 and 29 CFR Part 1910; and
 - (3) Ensure that any additional measures the NREL Subcontract Administrator determines to be reasonably necessary for the purposes are taken.
- (c) Reserved.
- (d) Whenever the NREL Subcontract Administrator becomes aware of any noncompliance with these requirements or any condition which poses a serious or imminent danger to the health or safety of the public or Government personnel, the NREL Subcontract Administrator shall notify the Subcontractor orally, with written confirmation, and request immediate initiation of corrective action. This notice, when delivered to the Subcontractor or the Subcontractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action

required. After receiving the notice, the Subcontractor shall immediately take corrective action. If the Subcontractor fails or refuses to take corrective action promptly, the NREL Subcontract Administrator may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Subcontractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance subcontract schedule on any stop work order issued under this clause.

- (e) The Subcontractor shall insert this clause, including this paragraph (e), with appropriate changes in the designation of the parties, in lower-tier subcontracts.

Clause 60. AVAILABILITY AND USE OF UTILITY SERVICES (APR 1984)

Derived from FAR 52.236-14

(Applies to construction subcontracts to be performed on a Government-owned or -leased facility.)

- (a) NREL shall make all reasonably required amounts of utilities available to the Subcontractor from existing outlets and supplies, as specified in the subcontract. Unless otherwise provided in the subcontract's subcontract schedule, the utility service consumed shall be at no charge. If the subcontract's subcontract schedule does provide an amount for each utility service consumed, then that amount of each utility service consumed shall be charged to or paid for by the Subcontractor at prevailing rates charged to NREL or, where the utility is produced by the Government, at reasonable rates determined by the DOE Contracting Officer. The Subcontractor shall carefully conserve any utilities furnished without charge.
- (b) The Subcontractor, at its expense and in a workmanlike manner satisfactory to the NREL Subcontract Administrator, shall install and maintain all necessary temporary connections and distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges. Before final acceptance of the work by NREL, the Subcontractor shall remove all the temporary connections, distribution lines, meters, and associated paraphernalia.

Clause 61. SUBCONTRACT SCHEDULES FOR CONSTRUCTION SUBCONTRACTS (APR 1984)

Derived from FAR 52.236-15

(Applies to construction subcontracts exceeding \$100,000.)

- (a) The Subcontractor shall, within five days after the work commences on the subcontract or another period of time determined by the NREL Subcontract Administrator, prepare and submit to the NREL Subcontract Administrator for approval three copies of a practicable subcontract schedule showing the order in which the Subcontractor proposes to perform the work, and the dates on which the Subcontractor contemplates starting and completing the several salient features of the work (including acquiring materials, plant, and equipment). The subcontract schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work subcontract schedule for completion by any given date during the period. If the Subcontractor fails to submit a subcontract schedule within the time prescribed, the NREL Subcontract Administrator may withhold approval of progress payments until the Subcontractor submits the required subcontract schedule.

NREL Appendix B-4

- (b) The Subcontractor shall enter the actual progress on the chart as directed by the NREL Subcontract Administrator, and upon doing so shall immediately deliver three (3) copies of the annotated subcontract schedule to the NREL Subcontract Administrator. If, in the opinion of the NREL Subcontract Administrator, the Subcontractor falls behind the approved subcontract schedule, the Subcontractor shall take steps necessary to improve its progress, including those that may be required by the NREL Subcontract Administrator, without additional cost to NREL. In this circumstance, the NREL Subcontract Administrator may require the Subcontractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary subcontract schedule or subcontract schedules in chart form as the NREL Subcontract Administrator deems necessary to demonstrate how the approved rate of progress will be regained.
- (c) Failure of the Subcontractor to comply with the requirements of the NREL Subcontract Administrator under this clause shall be grounds for a determination by the NREL Subcontract Administrator that the Subcontractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the subcontract. Upon making this determination, the NREL Subcontract Administrator may terminate the Subcontractor's right to proceed with the work, or any separable part of it, in accordance with the default terms of this subcontract.

Clause 62. SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION (FEB 1997) AND ALTERNATE I (APR 1984)

Derived from FAR 52.236-21

(Applies to construction subcontracts.)

(Alternate I applies when reproducible shop drawings are required.)

- (a) The Subcontractor shall keep on the work site a copy of the drawings and specifications and shall at all times give the NREL Subcontract Administrator access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference(s) between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, drawings, or specifications, the matter shall be promptly submitted to the NREL Subcontract Administrator, who shall promptly make a determination in writing. Any adjustment by the Subcontractor without such a determination shall be at its own risk and expense. The NREL Subcontract Administrator shall furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.
- (b) Wherever in the specifications or upon the drawings the words "directed," "required," "ordered," "designated," "prescribed," or words of like import are used, it shall be understood that the "direction," "requirement," "order," "designation," or "prescription" of the NREL Subcontract Administrator is intended and similarly the words "approved," "acceptable," "satisfactory," or words of like import shall mean "approved by," or "acceptable to," or "satisfactory to" the NREL Subcontract Administrator, unless otherwise expressly stated.
- (c) Where "as shown," "as indicated," "as detailed," or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this subcontract unless stated otherwise. The word "provided" as used herein shall be understood to mean "provide complete in place," that is, "furnished and installed."

NREL Appendix B-4

- (d) "Shop drawings" means drawings, submitted to NREL by the Subcontractor, or any lower-tier Subcontractor pursuant to a construction subcontract, showing in detail—
 - (1) The proposed fabrication and assembly of structural elements: and
 - (2) The installation (i.e., form, fit, and attachment details) of materials or equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, subcontract schedules, performance and test data, and similar materials furnished by the Subcontractor to explain in detail specific portions of the work required by the subcontract. NREL/Government may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this subcontract.
- (e) If this subcontract requires shop drawings, the Subcontractor shall coordinate all such drawings and review them for accuracy, completeness, and compliance with subcontract requirements, and shall indicate approval thereon as evidence of such coordination and review. Shop drawings submitted to the NREL Subcontract Administrator without evidence of the Subcontractor's approval may be returned for resubmission. The NREL Subcontract Administrator will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate NREL's reasons; therefore, any work done before such approval shall be at the Subcontractor's risk. Approval by the NREL Subcontract Administrator shall not relieve the Subcontractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this subcontract, except with respect to variations described and approved in accordance with (f) below.
- (f) If shop drawings show variations from the subcontract requirements, the Subcontractor shall describe such variations in writing, separate from the drawings, at the time of submission. If the NREL Subcontract Administrator approves any such variation, the NREL Subcontract Administrator shall issue an appropriate subcontract modification, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.
- (g) The Subcontractor shall submit to the NREL Subcontract Administrator for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three (3) sets (unless otherwise indicated) of all shop drawings will be retained by the NREL Subcontract Administrator and one set will be returned to the Subcontractor.

ALTERNATE I

When reproducible shop drawings are required, add the following sentences to paragraph (g) of the basic clause:

Upon completing the work under this subcontract, the Subcontractor shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the equipment is completed and accepted.

Clause 63. BANKRUPTCY (JUL 1995)

Derived from FAR 52.242-13

(Applies to all subcontracts.)

In the event the Subcontractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Subcontractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the NREL Subcontract Administrator responsible for administering the subcontract. This notification shall be furnished within five (5) days of the initiation of the proceedings relating to bankruptcy filing.

This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of other NREL subcontract numbers and Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this subcontract.

Clause 64. SUSPENSION OF WORK (APR 1984)

Derived from FAR 52.242-14

(Applies to construction and architect-engineer subcontracts.)

- (a) The NREL Subcontract Administrator may order the Subcontractor, in writing, to suspend, delay, or interrupt all or any part of the work of this subcontract for the period of time that the NREL Subcontract Administrator determines appropriate for the convenience of NREL/Government.
- (b) If the performance of all or any part of the work is, for any unreasonable period of time, suspended, delayed, or interrupted—
 - (1) By an act of the NREL Subcontract Administrator in the administration of this subcontract; or
 - (2) By the NREL Subcontract Administrator's failure to act within the time specified in this subcontract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this subcontract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the subcontract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Subcontractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this subcontract.
- (c) A claim under this clause shall not be allowed—
 - (1) For any costs incurred more than twenty (20) days before the Subcontractor shall have notified the NREL Subcontract Administrator in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and
 - (2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the subcontract.

Clause 65. STOP WORK ORDER (AUG 1989) AND ALTERNATE 1 - COST REIMBURSEMENT (APR 1984)

Derived from FAR 52.242-15

(Applies to all subcontracts.)

(Alternate 1 applies to cost-type subcontracts.)

- (a) The NREL Subcontract Administrator may, at any time, by written order to the Subcontractor, require the Subcontractor to stop all or any part of the work called for by this subcontract for a period of ninety (90) days after the order is delivered to the Subcontractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon

receipt of the order, the Subcontractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of ninety (90) days after a stop-work is delivered to the Subcontractor, or within any extension of that period to which the parties shall have agreed, the NREL Subcontract Administrator shall either—

- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default or the Termination clause of this subcontract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Subcontractor shall resume work. The NREL Subcontract Administrator shall make an equitable adjustment and the subcontract shall be modified, in writing, accordingly, if—
- (1) The stop-work order results in an increase in the time required for, or in the Subcontractor's cost properly allocable to, the performance of any part of this subcontract; and
 - (2) The Subcontractor asserts its right to the adjustment within thirty (30) days after the end of the period of work stoppage provided that, if the NREL Subcontract Administrator decides the facts justify the action, the NREL Subcontract Administrator may receive and act upon the claim submitted at any time before final payment under this subcontract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of NREL/Government, the NREL Subcontract Administrator shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the NREL Subcontract Administrator shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

ALTERNATE I (APR 1984)

If this clause is inserted in a cost reimbursement subcontract, substitute in paragraph (a) (2) the words, "the Termination clause of this subcontract" for the words "the Default, or the Termination for Convenience of NREL/Government clause of this subcontract." In paragraph (b) substitute the words "an equitable adjustment in the delivery subcontract schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the subcontract that may be affected" for the words, "an equitable adjustment in the delivery subcontract schedule or subcontract price, or both."

Clause 66. CHANGES (JUN 2007)

Derived from FAR 52.243-4

(Applies to fixed price construction subcontracts exceeding \$100,000.)

- (a) The NREL Subcontract Administrator may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the subcontract, including changes—
 - (1) In the specifications (including drawings and designs);
 - (2) In the method or manner of performance of the work;
 - (3) In the NREL/Government furnished property of services; or
 - (4) Directing acceleration in the performance of the work.
- (b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the NREL Subcontract

Administrator that causes a change shall be treated as a change order under this clause, provided that the Subcontractor gives the NREL Subcontract Administrator written notice stating—

- (1) The date, circumstances, and source of the order; and
 - (2) That the Subcontractor regards the order as a change order.
- (c) Except as provided in this clause, no order, statement, or conduct of the NREL Subcontract Administrator shall be treated as a change under this clause or entitle the Subcontractor to an equitable adjustment.
- (d) If any change under this clause causes an increase or decrease in the Subcontractor's cost of, or the time required for, the performance of any part of the work under this subcontract, whether or not changed by any such order, the NREL Subcontract Administrator shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than twenty (20) days before the Subcontractor gives written notice as required. In the case of defective specifications for which NREL/Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Subcontractor in attempting to comply with the defective specifications.
- (e) The Subcontractor must assert its right to an adjustment under this clause within thirty (30) days after—
- (1) Receipt of a written change order under paragraph (a) of this clause, or
 - (2) The furnishing of a written notice under paragraph (b) of this clause, by submitting to the NREL Subcontract Administrator a written statement describing the general nature and amount of the proposal, unless this period is extended by NREL/Government. The statement of proposal for adjustment may be included in the notice under paragraph (b) above.
- (f) No proposal by the Subcontractor for an equitable adjustment shall be allowed if asserted after final payment under this subcontract.

It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.
- (b) When this clause is included in a fixed price type subcontract, consent to lower-tier subcontracts is required only on unpriced subcontract actions (including unpriced

modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

- (c) If the Subcontractor does not have an approved purchasing system, consent to lower-tier subcontract is required for any lower-tier subcontract that—
 - (1) Is of the cost reimbursement, time and materials, or labor hour type; or
 - (2) Is fixed price and exceeds—
 - (i) For a subcontract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold (\$100,000) or five (5) percent of the total estimated cost of the subcontract; or
 - (ii) For subcontracts awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold (\$100,000) or five (5) percent of the total estimated cost of the subcontract.

 - (E) The extent to which it was recognized in the negotiation that the lower-tier Subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Subcontractor and the lower-tier Subcontractor; and the effect of any such defective data on the total price negotiated;
 - (F) The reasons for any significant difference between the Subcontractor's price objective and the price negotiated; and

- (G) A complete explanation of the incentive fee or profit plan when incentives are used. - (f) Unless the consent or approval specifically provides otherwise, neither consent by the NREL Subcontract Administrator to any subcontract nor approval of the Subcontractor's purchasing system shall constitute a determination—
 - (1) Of the acceptability of any subcontract terms or conditions;
 - (2) Of the allowability of any cost under this subcontract; or
 - (3) To relieve the Subcontractor of any responsibility for performing this subcontract.
- (g) No lower-tier subcontract or modification thereof placed under this subcontract shall provide for payment on a cost plus a percentage of cost basis, and any fee payable under cost reimbursement type lower-tier subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).
- (h) The Subcontractor shall give the NREL Subcontract Administrator immediate written notice of any action or suit filed and prompt notice of any claim made against the Subcontractor by any lower-tier Subcontractor or vendor that, in the opinion of the Subcontractor, may result in litigation related in any way to this subcontract, with respect to which the Subcontractor may be entitled to reimbursement from NREL/Government.

- (3) The reasonable costs of settlement of the work terminated, including—

The NREL Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within forty-five (45) days from the effective date of termination unless extended in writing by the NREL Subcontract Administrator.
- (m)
 - (1) NREL may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.

- (n) Unless otherwise provided in this subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this subcontract for three (3) years after final settlement. This includes all books and other evidence on the Subcontractor's costs and expenses under this subcontract. The Subcontractor shall make these records and documents available to NREL/Government, at the Subcontractor's office, at all reasonable times, without any direct charge. If approved by the NREL Subcontract Administrator, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

If, in the judgment of the NREL Subcontract Administrator, the findings of fact warrant such action, the time for completing the work shall be extended. The findings of the NREL Subcontract Administrator shall be final and conclusive on the parties, but subject to appeal under the Disputes clause.
- (c) If, after termination of the Subcontractor's right to proceed, it is determined that the Subcontractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of NREL/Government.
- (d) The rights and remedies of NREL/Government in this clause are in addition to any other rights and remedies provided by law or under this subcontract.

- (3) The Subcontractor failed to comply reasonably with this order.
- (c) Upon request of the Subcontractor, the NREL Subcontract Administrator shall ascertain the facts and extent of the failure. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of work, ensure that:
 - (1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor and lower-tier Subcontractor employees managing or supervising employees performing work.

NREL Appendix B-4

- (2) Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 - (3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 - (4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 - (5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 - (6) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
 - (7) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by NREL/Government and the Subcontractor. These agreed-upon conditions and requirements are requirements of the subcontract and binding upon the Subcontractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.
- (c) The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (b) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:
- (1) Define the scope of work;
 - (2) Identify and analyze hazards associated with the work;
 - (3) Develop and implement hazard controls;
 - (4) Perform work within controls; and
 - (5) Provide feedback on adequacy of controls and continue to improve safety management.
- (d) The System shall describe how the Subcontractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to NREL/DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the Subcontractor will measure system effectiveness.
- (e) The Subcontractor shall submit to the NREL Subcontract Administrator documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the NREL Subcontract Administrator. Guidance on the preparation, content, review, and approval of the System will be provided by the NREL Subcontract Administrator. On an annual basis, the Subcontractor shall review and update, for NREL's approval, its safety performance objectives, performance measures, and commitments consistent with and in response to NREL/DOE program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the Subcontractor's business processes for work planning, budgeting, authorization, execution, and change control.

- (f) The Subcontractor shall comply with, and assist NREL/DOE in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of NREL's Prime Contract entitled "Laws, Regulations, and DOE Directives." The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this subcontract.

If the Subcontractor fails to provide resolution or, if at any time, the Subcontractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the NREL Subcontract Administrator may issue an order stopping work in whole or in part. Any stop work order issued by the NREL Subcontract Administrator under this clause (or issued by the Subcontractor to a lower-tier Subcontractor in accordance with paragraph (i) of this clause) shall be without prejudice to any other legal or contractual rights of NREL/Government. In the event that the NREL Subcontract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the NREL Subcontract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.
- (h) Regardless of the performer of the work, the Subcontractor is responsible for compliance with the ES&H requirements applicable to this subcontract. The Subcontractor is responsible for flowing down the ES&H requirements applicable to this subcontract to subcontracts at any tier to the extent necessary to ensure the Subcontractor's compliance with the requirements.
- (i) The Subcontractor shall include a clause substantially the same as this clause in lower-tier subcontracts involving complex or hazardous work on site at a Government-owned or-leased facility. Such lower-tier subcontracts shall provide for the right to stop work under the conditions described in paragraph (g) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may choose not to require the lower-tier Subcontractor to submit a Safety Management System for the Subcontractor's review and approval.

- (a) Definitions.
 - (1) "Comprehensive Procurement Guidelines" means the Comprehensive Procurement Guideline (CPG) program that is part of EPA's continuing effort to promote the use of materials recovered from solid waste. Buying recycled-content products ensures that the materials collected in recycling programs will be used again in the manufacture of new products. Through CPG, EPA designates items that must contain recycled content when purchased by federal, state, and local agencies, or by government contractors and subcontractors using appropriated federal funds. An updated list of designated and proposed products with the accompanying recycled-content recommendations is located at:
<http://www.epa.gov/osw/conserve/tools/cpg/index.htm>

NREL Appendix B-4

- (2) “Environmentally preferable products and services, recycled content products, and biobased products” means those products and services that are listed as a designated or proposed product or service on the EPA CPG and the USDA’s comprehensive program for designating biobased products located at <http://www.biopreferred.gov/?SMSESSION=NO>. These products and services have a lesser or reduced effect on human health and the environment when compared to other products and services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance or disposal of the product or service.
- (b) In the performance of this subcontract, the Subcontractor shall make maximum use of environmentally preferable products and services, recycled content products, and biobased products in accordance with 40 CFR 247.
- (c) The Subcontractor shall advise the NREL Subcontract Administrator if it is unable to procure such product because the product is not available--

Upon request by the NREL Subcontract Administrator, the Subcontractor shall provide for each NREL fiscal year a data report that includes the following information, at a minimum:

 - (1) Quantities used and prices of CPG listed environmentally preferable products and services, recycled content products, and biobased products.

Clause 84. PROPERTY (SPECIAL) (OCT 2008)

Derived from DEAR 970.5245-1 (DEC 2000) and Alternate 1 (Dec 2000)(FD)

(Applies to all subcontracts where Government Property is to be furnished to or acquired by the Subcontractors.)

NREL/Government reserves the right to furnish any property or services required for the performance of the work under this subcontract.
- (b) Title to property.

Except as otherwise provided by the NREL Subcontract Administrator, title to all materials, equipment, supplies, and tangible personal property of every kind and description purchased by the Subcontractor, for the cost of which the Subcontractor is entitled to be reimbursed as a direct item of cost under this subcontract, shall pass directly from the vendor to the Government. NREL/Government reserves the right to inspect, and to accept or reject, any item of such property. The Subcontractor shall make such disposition of rejected items as the NREL Subcontract Administrator shall direct. Title to other property, the cost of which is reimbursable to the Subcontractor under this subcontract, shall pass to and vest in the Government upon:

 - (1) Issuance for use of such property in the performance of this subcontract;
 - (2) Commencement of processing or use of such property in the performance of this subcontract; or

- (3) Reimbursement of the cost thereof by NREL/Government, whichever first occurs.

Property furnished by NREL/Government and property purchased or furnished by the Subcontractor, title to which vests in the Government, under this paragraph are hereinafter referred to as Government property. Title to Government property shall not be affected by the incorporation of the property into or the attachment of it to any property not owned by the Government, nor shall such Government property or any part thereof, be or become a fixture or lose its identity as personality by reason of affixation to any realty.

- (c) Identification.

To the extent directed by the NREL Subcontract Administrator, the Subcontractor shall identify Government property coming into the Subcontractor's possession or custody, by marking and segregating in such a way, satisfactory to the NREL Subcontract Administrator, as shall indicate its ownership by the Government.

- (d) Disposition.

The Subcontractor shall make such disposition of Government property that has come into the possession or custody of the Subcontractor under this subcontract as the NREL Subcontract Administrator may direct during the progress of the work or upon completion or termination of this subcontract. Upon completion or termination of this subcontract, the Government through NREL shall:

- (1) Determine if the equipment is excess:
- (2) Make the equipment available to all other Government agencies: and
- (3) Conduct an auction to dispose of the equipment if no other agency is interested in the property.

If the above does not result in disposition of the equipment, then the Subcontractor may, upon such terms and conditions as the NREL Subcontract Administrator may approve, sell, or exchange such property, or acquire such property at a price agreed upon by the Government through the NREL Subcontract Administrator and the Subcontractor as the fair value thereof. The amount received by the Subcontractor as the result of any disposition, or the agreed fair value of any such property acquired by the Subcontractor, shall be applied in reduction of costs allowable under this subcontract or shall be otherwise credited to account to NREL/Government, as the NREL Subcontract Administrator may direct. Upon completion of the work or the termination of this subcontract, the Subcontractor shall render an accounting, as prescribed by the NREL Subcontract Administrator, of all Government property which had come into the possession or custody of the Subcontractor under this subcontract.

- (e) Protection of Government property-management of high-risk property and classified materials.

- (1) The Subcontractor shall take all reasonable precautions, and such other actions as may be directed by the NREL Subcontract Administrator, or in the absence of such direction, in accordance with sound business practice, to safeguard and protect Government property in the Subcontractor's possession or custody.
- (2) In addition, the Subcontractor shall ensure that adequate safeguards are in place, and adhered to, for the handling, control and disposition of high-risk property and classified materials throughout the life cycle of the property and materials consistent with the policies, practices and procedures for property management contained in the Federal Property Management regulations (41 CFR chapter 101), the Department of Energy Property Management regulations (41 CFR chapter 109), and other applicable regulations.

- (3) High-risk property is property, the loss, destruction, damage to, or the unintended or premature transfer of which could pose risks to the public, the environment, or the national security interests of the United States. High-risk property includes proliferation sensitive, nuclear related dual use, export controlled, chemically or radioactively contaminated, hazardous, and specially designed and prepared property, including property on the militarily critical technologies list.
- (f) Risk of loss of Government property.
 - (1) The Subcontractor shall not be liable for the loss or destruction of, or damage to, Government property unless such loss, destruction, or damage was caused by any of the following:
 - (i) Willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel;
 - (ii) Failure of the Subcontractor's managerial personnel to take all reasonable steps to comply with any appropriate written direction of the NREL Subcontract Administrator to safeguard such property under paragraph (e) of this clause; or
 - (iii) Failure of Subcontractor managerial personnel to establish, administer, or properly maintain an approved property management system in accordance with paragraph (i) (1) of this clause.
 - (2) If, after an initial review of the facts, the NREL Subcontract Administrator informs the Subcontractor that there is reason to believe that the loss, destruction of, or damage to the Government property results from conduct falling within one of the categories set forth above, the burden of proof shall be upon the Subcontractor to show that the Subcontractor should not be required to compensate NREL/Government for the loss, destruction, or damage.
 - (3) In the event that the Subcontractor is determined liable for the loss, destruction or damage to Government property in accordance with (f)(1) of this clause, the Subcontractor's compensation to NREL/Government shall be determined as follows:
 - (i) For damaged property, the compensation shall be the cost of repairing such damaged property, plus any costs incurred for temporary replacement of the damaged property. However, the value of repair costs shall not exceed the fair market value of the damaged property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
 - (ii) For destroyed or lost property, the compensation shall be the fair market value of such property at the time of such loss or destruction, plus any costs incurred for temporary replacement and costs associated with the disposition of destroyed property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
 - (iii) The portion of the cost of insurance obtained by the Subcontractor that is allocable to coverage of risks of loss referred to in paragraph (f) (1) of this clause is not allowable.
- (g) Steps to be taken in event of loss.

In the event of any damage, destruction, or loss to Government property in the

possession or custody of the Subcontractor with a value above the threshold set out in the Subcontractor's approved property management system, the Subcontractor:

- (1) Shall immediately inform the NREL Subcontract Administrator of the occasion and extent thereof;
 - (2) Shall take all reasonable steps to protect the property remaining; and
 - (3) Shall repair or replace the damaged, destroyed, or lost property in accordance with the written direction of the NREL Subcontract Administrator. The Subcontractor shall take no action prejudicial to the right of NREL/Government to recover and, therefore, shall furnish to NREL/Government, on request, all reasonable assistance in obtaining recovery.
- (h) Government property for NREL/Government use only.
Government property shall be used only for the performance of this subcontract.
- (i) Property Management.
- (1) Property Management System.
 - (i) The Subcontractor shall establish, administer, and properly maintain an approved property management system of accounting for and control, utilization, maintenance, repair, protection, preservation, and disposition of Government property in its possession under the subcontract. The Subcontractor's property management system shall be submitted to the NREL Subcontract Administrator for approval and shall be maintained and administered in accordance with sound business practice, applicable Federal Property Management regulations and Department of Energy Property Management regulations, and such directives or instructions which the NREL Subcontract Administrator may from time to time prescribe.
 - (ii) In order for a property management system to be approved, it must provide for:
 - (A) Comprehensive coverage of property from the requirement identification, through its life cycle, to final disposition;
 - (B) Employee personal responsibility and accountability for Government-owned property;
 - (C) Full integration with the Subcontractor's other administrative and financial systems; and
 - (D) A method for continuously improving property management practices through the identification of best practices established by "best in class" performers.
 - (iii) Approval of the Subcontractor's property management system shall be contingent upon the completion of the baseline inventory as provided in subparagraph (i) (2) of this clause.
 - (2) Property Inventory.
 - (i) Unless otherwise directed by the NREL Subcontract Administrator, the Subcontractor shall, within six (6) months after execution of the subcontract, provide a baseline inventory covering all items of Government property.
 - (ii) If the Subcontractor is succeeding another Subcontractor in the performance of this subcontract, the Subcontractor shall conduct a joint reconciliation of the property inventory with the predecessor Subcontractor. The Subcontractor agrees to participate in a joint reconciliation of the property inventory at the completion of this subcontract. This information will be used to provide a baseline for the

succeeding subcontract as well as information for closeout of the predecessor subcontract.

- (j) The term "Subcontractor's managerial personnel," as used in this clause, means the Subcontractor's directors, officers and any of its managers, superintendents, or other equivalent representatives who have supervision or direction of:
 - (1) All or substantially all of the Subcontractor's business; or
 - (2) All or substantially all of the Subcontractor's operations at any one facility or separate location to which this subcontract is being performed; or
 - (3) A separate and complete major industrial operation in connection with the performance of this subcontract; or
 - (4) A separate and complete major construction, alteration, or repair operation in connection with performance of this subcontract; or
 - (5) A separate and discrete major task or operation in connection with the performance of this subcontract.
- (k) The Subcontractor shall include this clause in all cost reimbursable lower-tier subcontracts.

ALTERNATE I (DEC 2000)

If the Subcontractor is a non-profit Subcontractor replace paragraph (j) of the basic clause with the following paragraph (j):

- (j) The term "Subcontractor's managerial personnel," as used in this clause, means the Subcontractor's directors, officers, and any of its managers, superintendents, or other equivalent representatives who have supervision or direction of all or substantially all of:
